To women who suffer Dr. Williams' Pink Pills are worth their weight in gold. At special periods a woman needs medicine to regulate her blood supply or her life will be a round of pain and suffering. Dr. Williams' Pink Pills are of untid value to women at such times, for they increase that portion of the blood which absorbs oxygen, the great supporter of organic life. In this way they may be said to make new blood. They are good formen, too, but are adapted in a special way to the needs of women and growing girls.

Mrs. C. H. Morland, of Scalp Level. Pa., suffered for several years with weakness, and her cure by Dr. Williams' Pink Pills should be read by every suffering woman.

The V. P. I. football team returned from Roanoke Sunday, but there was no demonstration in honor of their arrival, it being the hour for church services. Their supporters are, however, well satisfied with 'he outcome of the Same, as it was generally understood that V. M. I. had the best team this season they have had in years.

The men are in good shape physically, and were given light practice by Coach Brown this afternoon. The rest of the week will be marked by streamous work in preparation for the game in Lynchurg Saturday with Washington and Lee. The latter team said to be even better than last year's and the game will be closely dontested. It has additional interest from the fact that the cadet corps of the L. In paying his respects to the vice-presidential candidate on the Republican ticket, Mr. Jones said:

BARCELONA, October 26.—The authorities were greatly alarmed this afternoon by the explosion of a petard in one of the streets, but the police, after an investigation, expressed themselves as attaching no importance to the incident, as Keing Alfonso and Queen Victoria were not within miles of the place where the explosion occurred. The police regard it as a malicious joke, but they have searched in vain for the authors of it.

Earlier in the day the King and Queen visited the French squadron lying in the harbor, and their launch came into collision with a steam ferry with such violence that several of those on board were thrown to the deck. For a moment there was something of a panic, but an examination showed that the damage was only superficial, and both boats were able to proceed.
